

# WELCOME *home*

*Home is where the heart is ...*

Unfortunately, a growing number of families with children find that home has become a friend's house, a car or even the street.

Our goal is to help these families regain their independence.

The Salvation Army George W. Jenkins Community of Hope offers a neighborhood of 21 fully-furnished apartments for the two-year Family Living Program, 20 efficiency units for families in immediate crisis, and childcare for over a hundred homeless children throughout West Polk County. These programs provide more than a place to live, they give families hope for the future.

*To schedule a tour, contact Susan Hurlburt at (863)559-2879.*
